

EUROPEAN TIMBER WINDOWS + DOORS

A SUMMARY OF ACCOYA® WOOD

A new world of sustainable and low maintenance windows and doors is available using Accoya® wood.

The result: a durable, dimensionally stable, reliable and beautiful solid wood with the performance characteristics of the most durable tropical hardwoods, but offering industry-leading environmental credentials.

- Accoya® wood windows and doors can be expected to more than twice as long as KD Hardwood or WR Cedar
- No risk of windows and doors jamming in Winter conditions

- Coating maintenance intervals can be expected to be twice as long on Accoya® wood
- Accoya® wood windows and doors contain no biocides
- Thermal conductivity is improved by 30% in comparison with hardwoods
- Accoya® window frames are now classified as Carbon Negative over their full life cycle

European Timber Windows + Doors, based in Airport West Victoria, was established in 2011 with the aim of making the best windows and doors in Australia. We have our own in-house paint shop where we factory spray or hand finish to a colour or stain of your choice. We typically use the highest performance triple glazing for outstanding acoustic and thermal performance to $U_g=0.5 \text{ W/m}^2\text{K}$, $R=2.0 \text{ m}^2\text{K/W}$. Combined with Accoya for the greatest longevity.

Traditional European standard workmanship combined with cutting edge performance are the hallmarks of our joinery. We make all our windows and doors in house, utilising specialist multipoint locking European hardware and sealing systems.
